

2010 Firearm Special Hunt Areas and Footnotes

Special hunts held on federal or state lands are regulated by the agency which manages the property. Some of these areas are included in the lottery (see list below). If you wish to apply for a permit to hunt one of these areas, enter the abbreviated names of the area on your paper applications or click the site name on the on-line application. Special Hunt area permits are not valid anywhere else in the county.

County permits are not valid for the Special Hunt areas listed on the firearm application.

Other Hunt Areas - There are other areas that have local drawings for permits from county permit holders. Hunters for these areas must first acquire a permit for the county where the area is located. For more information regarding locations and requirements of special hunt areas only, call the Division of Wildlife Resources at 217.782.6384.
